

DUVEL RUSTICA COWHIDE

PRODUCT CHARACTERISTIC SHEET

PRODUCT DESCRIPTION:

Duvel Rustica Cowhide is a full-grain, aniline-dyed cowhide with a unique pull-up finish that is created with special oils and waxes to add depth and transparency within the hide. The rich, vibrant colors highlight this leather and bring a modern and sophisticated look to the well-known distressed character.

CHARACTERISTICS:

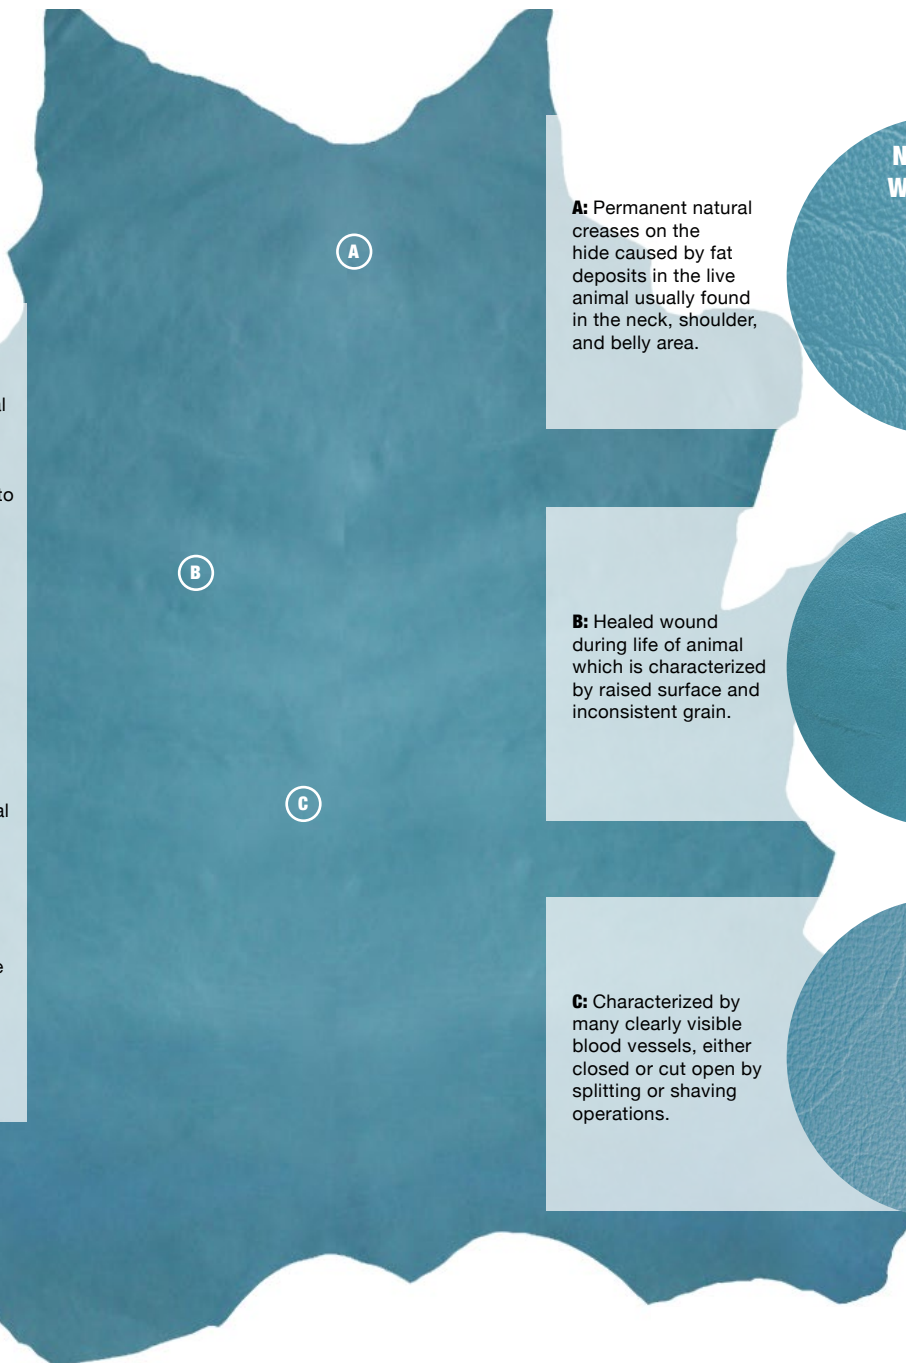

As a wax pull-up leather, this product will burnish and patina with wear, showing scratches and other markings while in use.

Each hide's natural markings will be highlighted. The appearance of natural markings such as the backbone, healed scars, grain variation, and fat wrinkles are to be expected. This is a very natural leather; the leather itself has only been minimally altered from its natural state.

Super softness.

Natural variations in color, tone and texture will be visible and are part of the beauty of this leather.

Due to the nature of this product, Duvel Rustica will scratch and create a patina that mimics years of loving use.

NECK/FAT WRINKLES

A: Permanent natural creases on the hide caused by fat deposits in the live animal usually found in the neck, shoulder, and belly area.

SCARS

B: Healed wound during life of animal which is characterized by raised surface and inconsistent grain.

VEINS

C: Characterized by many clearly visible blood vessels, either closed or cut open by splitting or shaving operations.
