

AVAILABLE PATTERNS:

LA SCALA DAMASK

NAPOLI WEAVE

OSTRICH

PRODUCT DESCRIPTION:

Fab Foils Embossed Cowhide leathers are made with a foil transfer to create the high sheen, reflective surface of this leather. The design impression is transferred to the leather by an engraved roller under high heat and low pressure for a soft natural hand without pattern match lines.

CHARACTERISTICS:

Fab Foils Embossed Cowhide leathers will scratch and mark and should be used for less-demanding applications.

These leathers are not recommended for seating.

This leather is most appropriate for decorative areas, trim applications, and vertical surface areas not prone to high wear patterns.

COWHIDE

PRODUCT CHARACTERISTIC SHEET

A: Leather is a natural product, therefore it may take the embossing effect differently from area to area and therefore, there will be some variation in the depth of the embossed pattern print. This variation is controlled as much as possible.

B: Fab Foils Embossed defects may include natural characteristics such as small holes, crease lines, and discoloration spots. These defects are minimal but should be expected to some degree as this is a natural product.
