

FOUNDATION COWHIDE

PRODUCT CHARACTERISTIC SHEET

PRODUCT DESCRIPTION:

Foundation is an architecturally inspired pattern. An embossed leather perfectly constructed with precision.

Foundation is hand-tipped with a pearlescent sheen to further highlight its dimensional surface. Taking cues from industrial building materials, Foundation is available in many easy to use metallic hues.

CHARACTERISTICS:

Foundation is a lightly finished, protected leather. Hand-Tipped. Natural variations in color, tone and texture are part of the beauty of this leather artwork and highlight each side's unique history and natural markings.

As a Hand-Tipped leather, there will be some variation in coloration and boldness of the tipping effect within a side and from side to side.

A: Leather is a natural product, therefore it may take the embossing effect differently from area to area and therefore, there will be some variation in the depth of the embossed pattern print. This variation is controlled as much as possible.

B: Foundation Cowhide is a Hand-Tipped leather, therefore there will be some variation in coloration and boldness of the tipping effect within a side and from side to side, due to its hand-crafted nature.

C: Foundation is embossed with an embossing plate. There will be a noticeable matchlines at each point the pattern repeats. This is controlled as much as possible. Alternatively, this leather can be produced and sold as pre-cut panels of 54"x29" and with panels, there is no matchline

D: Foundation is a directional pattern.
