

# RHAPSODY COWHIDE

PRODUCT CHARACTERISTIC SHEET

## PRODUCT DESCRIPTION:

Rhapsody Cowhide is aniline-dyed cowhide with a resilient protective finish and a pronounced, embossed pebbled grain texture for outstanding wear performance and a great cutting yield. Rhapsody Cowhide is a wonderful leather for durability and performance, combined with a soft, pleasing hand.

## CHARACTERISTICS:

Durability and built-in protection from soiling, fading, and wear.

Features the hand and drape associated with the highest quality full-grain leathers but with added consistency and protection.

More uniformity and less apparent defects than found in Aniline leathers

Superior cutting yield.

Townsend recommends Rhapsody Cowhide for seating

A

**A:** Permanent natural creases on the hide caused by fat deposits in the live animal usually found in the neck, shoulder, and belly area.

**FAT  
WRINKLES**

B

**B:** Characterized by many clearly visible blood vessels, either closed or cut open by splitting or shaving operations. Veins are less apparent in the Rhapsody product than in Aniline leathers.

**VEINS**

C

**C:** Healed wound during life of animal which is characterized by raised surface and inconsistent grain. Scars are less apparent in the Rhapsody product than in Aniline leathers.

**SCARS**
