

# SASSOLINO PEBBLE COWHIDE

PRODUCT CHARACTERISTIC SHEET

## PRODUCT DESCRIPTION:

Sassolino Pebble Cowhide is an aniline-dyed cowhide that takes inspiration from the stunning views of steep mountain cliffs, rocky seashores, multi-colored towns, and lush forests of Italy.

This resilient and beautiful embossed medium-sized grain gives outstanding wear performance while still being pleasing to the eye and soft to the touch.

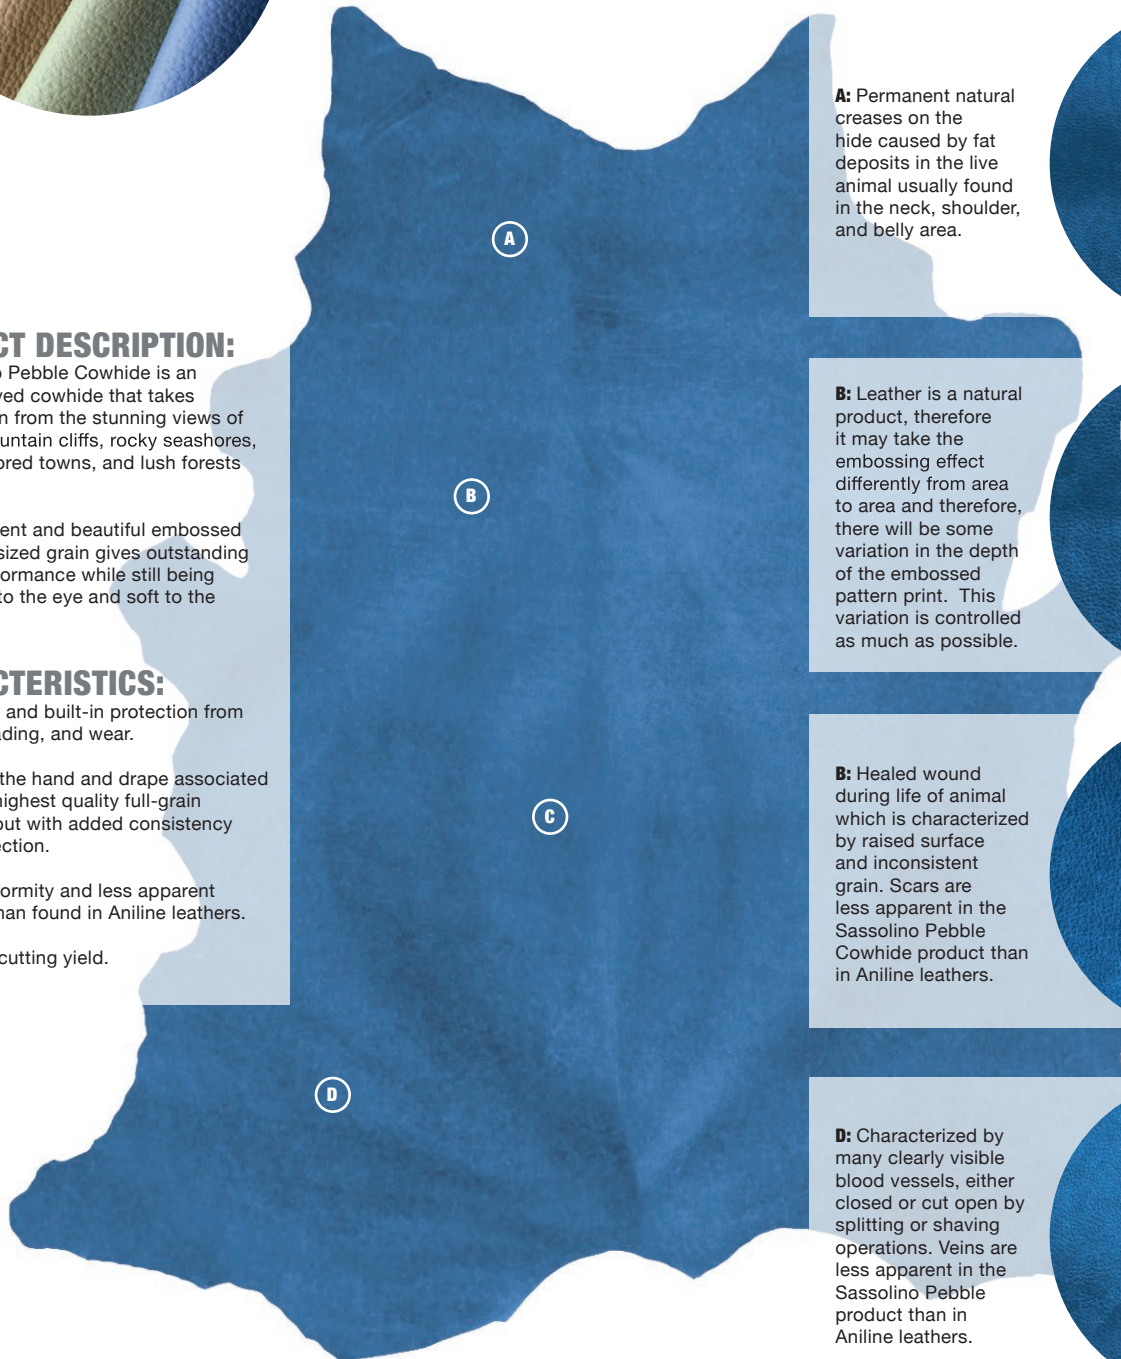

## CHARACTERISTICS:

Durability and built-in protection from soiling, fading, and wear.

Features the hand and drape associated with the highest quality full-grain leathers but with added consistency and protection.

More uniformity and less apparent defects than found in Aniline leathers.

Superior cutting yield.

**A:** Permanent natural creases on the hide caused by fat deposits in the live animal usually found in the neck, shoulder, and belly area.

**B:** Leather is a natural product, therefore it may take the embossing effect differently from area to area and therefore, there will be some variation in the depth of the embossed pattern print. This variation is controlled as much as possible.

**C:** Healed wound during life of animal which is characterized by raised surface and inconsistent grain. Scars are less apparent in the Sassolino Pebble Cowhide product than in Aniline leathers.

**D:** Characterized by many clearly visible blood vessels, either closed or cut open by splitting or shaving operations. Veins are less apparent in the Sassolino Pebble product than in Aniline leathers.

**FAT  
WRINKLES**

**EMBOSSING  
PATTERN DEPTH**

**SCARS**

**VEINS**
