

TWEED WOVEN COWHIDE

PRODUCT CHARACTERISTIC SHEET

PRODUCT DESCRIPTION:

Tweed Woven is made from our aniline-dyed Taj cowhide, woven with mercerized cotton thread on hand-operated antique teak looms.

CHARACTERISTICS:

Tweed Woven is sold as 54" wide goods.

1 yard is equal to 13.50 SF.

Tweed Woven is suitable for accessories, wall coverings, and upholstered applications in moderate wear areas.

Includes a light jersey backing for pattern stability and protection.

Treated with flame retardant to meet most industry standards.

Strong, resilient and will not permanently stretch or 'bag' when upholstered; the unique weaving technique imparts a memory that always returns to original form.

A: Tweed Woven is a hand-made product. There may be shading from dye lot to dye lot. Current dye lot cuttings for approval are recommended with each order.
